

Investor Relations Suite

StockPR's Investor Relations Suite is a comprehensive, turnkey solution to enhance and automate your Investor Relations communications. Hosted by StockPR, but seamlessly integrated with your web presence, our Investor Relations Suite is the perfect balance of simplicity and functionality.

With the addition of a hyperlink to your web site, you gain an interactive IR Portal, including stock quotes, news, charts, filings and more. Investor requests are handled automatically with an IR kit email response including a tear sheet with updated financial information. Simultaneously, requests are delivered real-time to your IR contact for immediate action. Visitors to your web site can also sign up to receive an email each time you submit a press release to a wire service, with no additional action on your part.

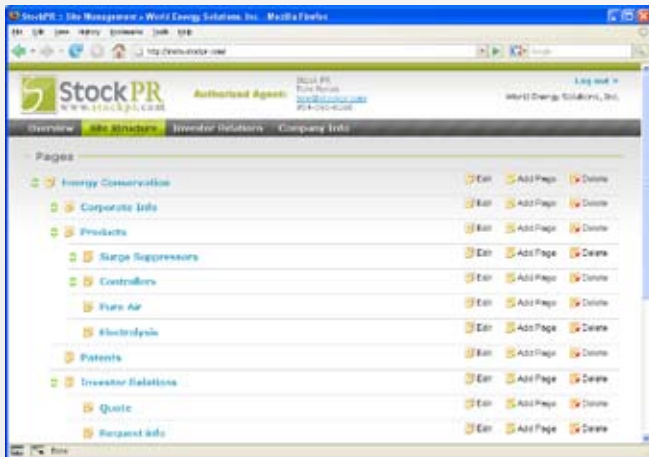

StockPR's Investor Relations Suite provides a complete IR communication and automation solution, all accessible through our simple and straightforward online interface.

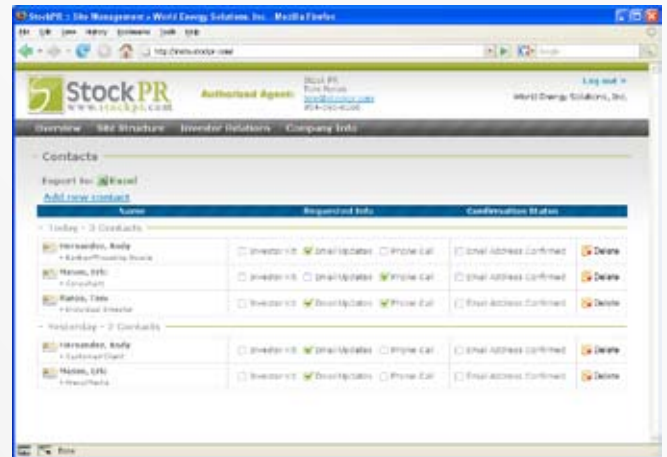

Price:
 \$899 per month plus a one time set-up fee of \$500
